21 HYACINTHS

EVERYONE A DIFFERENT COLOR

IMPORTED BULBS ONLY

HIGHEST QUALITY

FIRST SIZE

\$2 PREPAID

ON THE LEFT is shown one of the typical, magnificent varieties of hyacinths contained in this marvelous collection of bulbs. There will be delicate pinks to deep rose pinks, near reds and royal purples, standard kinds in mauve, violets, yellows and whites. The collection is so outstanding from the standpoint of beauty and value that it will live long in memories of my flower friends.

Business conditions throughout the world have made it possible for me to offer this unheard of value. If you love these magnificent flowers it certainly is an opportunity worth your while and one that you should by all means take advantage of. I enthusiastically endorse this collection for my customers.

The Hyacinth is Very Hardy

Like the tulip, the Hyacinth is planted in the fall, in fact *this is now planting time for HYACINTHS*. The Hyacinth is one of the most delightfully fragrant flowers. Hyacinths may be planted indoors, in pots or bowls—it is one of the few flowers that the amateur can grow indoors with good results. The Hyacinth is a universal favorite.

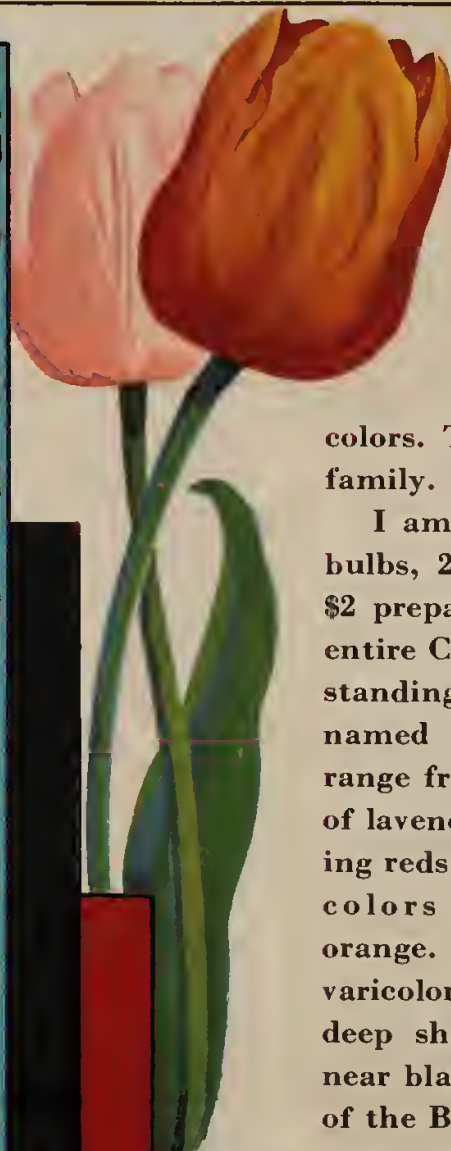

Highest Quality Bulbs

Each and every bulb in this collection comes directly from the best growers in Holland. They are **FIRST SIZE BULBS** which means you can expect flowers the first year. To my knowledge there has never been offered a hyacinth value equal to this one. Just imagine, 21 Large Size, Imported Hyacinth Bulbs, *every one different*, for only \$2 prepaid to you.

Do Not Miss This Opportunity

20 DARWIN TULIPS AND 10 BREEDER TULIPS \$2 30 bulbs, named varieties in mixture *No Two Alike* for only PREPAID

THE TULIPS that are favorites throughout the world are of the Darwin and Breeder types. These are the largest and most showy varieties. They bloom in May, out-of-doors, on long, strong stems. They are distinguished by their immense size, wax-like petals, and marvelous colors. They are the aristocrats of the tulip family.

I am offering my customers 30 large size bulbs, 20 Darwins and 10 Breeders for only \$2 prepaid. There will be no two alike. The entire Collection is made up of the most outstanding and most popular named varieties. The colors range from the delicate tints of lavender to gorgeous flaming reds and from soft cream colors to deep shades of orange. Then there are the varicolored ones, as well as deep shades of purples and near blacks. It is a collection of the BEST to be had. Business conditions alone made it possible for me to offer my customers this sensational bargain in tulips.

What a welcome sight in the spring-time is a garden of tulips. They bloom when weary winter days have just passed. The grass, the trees and the shrubs have become green, the song birds have again arrived, the air is fresh and the warm rays of the sun have returned. What a setting for tulips with their happy colors and beaming faces. What joy these flowers bring. Is it any wonder that tulips are loved by all? Is it any wonder that when we think of Holland we think too of the marvelous flowers the Dutch people have sent to us? Holland and Tulips are almost synonymous. The scene on this page is typical of what you may expect if you plant the tulips I am offering you in this folder. A gorgeous scene will greet you if you plant these tulips this fall. Send your orders in now.

Plant Tulips Now

You may plant tulips now and until the ground freezes, and as far as care is concerned you may almost forget them. Wonderful specimens of these Darwin and Breeder Tulips are easily obtained from these highest quality bulbs of finest varieties I send you. When your bulbs arrive simply plant them four inches deep and from two to three inches apart. This entire collection of 30 bulbs will be sent to you, while present stock lasts, for only \$2 prepaid and safe arrival guaranteed.

NOTICE—I wish to call attention to the fact that this offer is finer and more bulbs are included than the similar offer of last season. Thousands of my customers have written me about the marvelous results obtained from the bulbs I sent them last year. Up to that time I considered it the greatest tulip offer ever made to flower lovers and this year the collection is even better and bigger.

A MARVELOUS COLLECTION IMPORTED BULBS

13

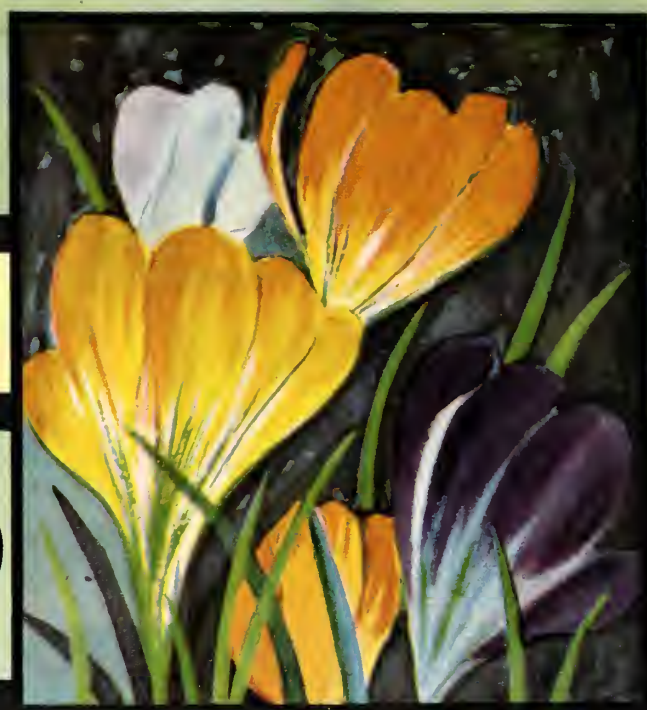

CROCUS

FOR ONLY

50

CENTS PREPAID

Every one a different variety, Large size bulbs of highest imported quality. All bulbs direct from Holland.

CROCUSES are proclaimers of spring—the first flowers to bloom. They blossom beautifully in spite of a possible late snow. They are very hardy, bloom each year, are very showy and come to you, in this collection, in a variety of magnificent colors. There is no flower more eagerly looked forward to, in the springtime.

You may plant them in groups, along walks, walls, around trees, or interspersed among plants, bushes or in the lawn. They do not interfere with later plants or flowers.

My collection of 13 imported bulbs, standard named varieties, all different, is an extraordinary and unheard of value. There will be lavenders, blues and purples, whites, blushed white and yellows, also other beautiful shades—no two alike. Crocuses should be planted from now until the ground freezes. Send for them now and plant them at once.
